## A NEW WINESKIN

There is a fresh revelation of the gospel of grace going through the body of Christ, all over the world. It revolutionizes lives and ministries. For pastors, leaders, and ministers it can be challenging. As most of us have lived with a mixture of law and grace, the transition into pure grace is exciting, but also raises – good! – questions. The good news is that you are not alone! Some pastors & ministers from different countries, now all established in the gospel of grace, found each other and helped each other in their journey. Now they are ready and eager to share their experiences. Because what all of them found most helpful is to know: You are not alone!

The doctrine is like new wine. But all our practices, habits, and ways of working are the wineskin. And both need to be new, according to the wisdom of the Lord. That’s why this first grace alliance meeting in Germany is about a new wineskin.

What does that look like?
